We expect to hand out thousands of copies of the program to attendees with a wealth of information on the Symposium educational program, exhibitors, and schedules of special events. The program contains details of sessions including speakers, descriptions and sponsorships. The program also acts as a guidebook for the Symposium and trade show including maps of the trade show floor and booth numbers to identify exhibitors. As an advertiser, you have the opportunity to reach attendees numerous times throughout the show and beyond, as people often use the program as a reference for sessions and speakers after the show.
